

Onion Heritage

A Legacy of Indian Onions

India is one of the world's leading producers and exporters of onions, recognized globally for its strong flavour profile, excellent pungency, and year-round cultivation. Indian onions are highly preferred by food manufacturers for dehydration due to their consistent quality, processing suitability, and rich taste characteristics.

At Andromage Global LLP, we connect international buyers with premium dehydrated onion products sourced through trusted processing partners and export-focused quality standards.

OUR PRODUCT RANGE

DEHYDRATED WHITE ONION FLAKES

Premium flakes offering authentic onion flavour, long shelf life, and excellent processing performance.

DEHYDRATED WHITE ONION POWDER

Fine powder with strong flavour intensity and excellent blending characteristics.

DEHYDRATED WHITE ONION GRANULES

Uniform granules providing controlled texture and consistent flavour distribution.

DEHYDRATED RED ONION FLAKES

Distinctive flavour profile with strong onion characteristics and natural colour retention.

DEHYDRATED RED ONION POWDER

Rich onion flavour with excellent application versatility for food manufacturing.
